

Build Your Own Foundation

Are you aged between 16-24 years old and interested in a free training course in the concrete industry?

You could get involved in some of the following constructions:-

- Residential housing projects
- Multi-story developments
- Industrial warehouse foundations
- Environmental projects
- Mining site developments
- Civil projects including pathways, culverts and bridges

The Master Builders Association is offering recruits a FREE 12 week training course that will include:-

- 'Green Card' safety training
- Industrial visits to various cement/concrete production sites
- Hands-on practical skill training in handling and laying concrete
- Classroom theory training in Certificate 1 in General construction
- Work placements across a range of concrete contractors
- Gaining on-job knowledge and experience
- Possible on-going employment for successful recruits

**This could be the start of a new and exciting career for you.
Limited vacancies exist so you will need to act fast.**

Training is scheduled to start on March 5, 2007

**For further information contact Peter Both mobile 0407 794 260,
email pboth@mbasa.com.au or Master Builders Training Office on ph 8211 7466**
